

QUALITY HOTEL SARPSBORG

A hotel unlike any other

The hotel has a conference wing with flexible rooms and modern technology. What sort of room do you need? Large or small, short or long, simple or exclusive – we can help you. We have a modern infrastructure, advanced technology and, not least, a competent and dedicated team. Our goal is to deliver a conference with a difference.

The Children's Hotel

We keep children's needs constantly in mind – and are proud to be known as the Children's Hotel. Every weekend and every school holiday we focus on the kids, from breakfast to bedtime. Piccolo, every kid's best friend, pops in to breakfast every morning and comes back in evening for some fun and games.

Superland og Badeland

Quality Hotel Sarpsborg can boast its wonderful Superland, an activity centre for all ages. It is a place where children of all ages can run, jump, play and learn. Activities include crazy golf, a climbing wall, a ball pit and a maze.

SEASON: All year
