

QUALITY HOTEL OLAVSGAARD

Welcome to Quality Hotel Olavsgaard!

Quality Hotel Olavsgaard is one of over 170 hotels in the Nordic Choice chain. The name Olavsgaard is not randomly selected, since according to the saga lies on historic ground. In the year 1022 it was fought a battle between saint Olav and Raumerne during the introduction of Christianity in Norway.

The hotel was built in 1985 and originally had 62 rooms, later expanded to 162 rooms and now in 2016 we expand to 176 rooms. Olavsgaard is centrally located near the highway E6 and is a natural meeting point for the entire eastern region for conferences.
