

SORKNES GOLFKLUBB

Scenic Sorknes

Sorknes is a beautiful 18 hole course in the pine forest in Østerdalen, near Rena. It'll give you quite a challenge! Front- and back nine gives you two totally different experiences, front nine is fairly wide and with water in play on just one hole. You should make your score here, before attacking the tighter back nine, which has water in play through the river, Skynna, on the last 7 holes. The course opened in 1992, and has had several Norwegian Championships and even arranged Challenge Tour in 1999. Golf packages can be booked through the nearby Østerdalen Hotell.
