

# HIKING & CYCLING IN FANTASTIC NATURE

## Hovfjällstoppen holiday village

In the middle of Hovfjället nature reserve, which is representative of northern Swedish highland nature, you'll find the perfect way to enjoy Swedish nature with your family or friends.

Hovfjället is 542 meters above sea level and is a place where you can stay close to the nature, enjoy the silence and take care of each other.

After a day in fantastic nature you can relax in front of the open fireplace during your stay in the newly built, comfortable house. Each house has 3 bedrooms and a sleeping-loft and includes 10 beds. All houses has fully equipped kitchen, tiled bathroom with floor heating and sauna.

The surroundings offers both interesting nature and outdoor activities such as hiking and cycling. You can bring your own equipment or rent it on place.

### Activity suggestions

- Guided cycling tour. Duration 2-3 hours which take you to those special hard-to-find places.
- Guided walk, (min 6 pers) The guide tells about nature facts of the region and will pass some nice view-points and you'll learn some about geography and development of the valley.
- Guided fishing tours. Nightfishing for pike, pike-perch. Duration 4 hours and including light meal. Rental equipment available.
