

HORSE PACKAGE

The Sun Dance Ranch is atmospheric equipped in western style where you will feel quickly at home and comfortable. This basic horse arrangement includes everything you need for a wonderful week of horsebackriding. At the Sun Dance Ranch we want the horses to live as naturally as possible. The herd of 20 horses are living day and night, the whole year outside in big fields with forest, little rivers and lakes. We are riding all our horses bitless with a side-pull. No doubt that also the horses enjoy bit less riding! They all go barefoot. In July and August we go swimming with the horses in the lake.

The Sun Dance ranch has all ingredients for an unforgettable vacation for both riders as non riders with many activities for everyone!
